FOUGHT FOR FOOD.

Snowbound Passengers Suffered From Cold and Hunger.

Thrilling Story of Great Northern Blockade.

St. Paul, Minn., April 4.—Passengers who arrived on the Great Northern train to-day tell of the hardships endured during the snow blockade in North Dakota last week. The worst blizzard the Northwest has seen in many years prevailed, with only food enough for one frugal meal a day, and with such a small amount of fuel that the ladies had to wrap themselves in blankets and the men to wear their overcoats day and night to keep from freezing. The train was completely lost to the world. Late Thursday afternoon it picked its precarious way out of Williston, in the hope of being able to reach Minot, some fourteen miles to the east, before night. Almost midway, at a little stopping place called Ray, where there is only to Williston and get aid, and, taking the conductor with him, started on the trip. The lone engine was stuck in a drift in a cut a short distance out of town and had to be abandoned. This left the train of eight coaches and about 250 passengers alone on the siding, and with all communication cut off.

Then started the long siege, during which the cold had to be borne and hunger stifled. There was much suffering. Food ran short and the passengers were put on short rations, some of them subsisting on one meal a day. The cold became intense, and the second-class passengers became mutinous and raided the supplies of the buffet cars, but, with little result. There was an incipient food riot on the first day. The second-class passengers insisted that they must have as much as the others, and, as they were in large numbers and had more ravenous appetites, it was difficult to confine them even to their quota. Many were not willing, as the first-class passengers insisted, that the women and children should be fed and taken care of first, but after some argument they were prevailed upon to subside.

Two of the passengers were driven marine worms.

NEW PARTY.

Call Themselves the Allied People's Party.

Populists, Socialists and Other Reformer Get Together Under New Name.

After Two Very Noisy Sessions the Bewhiskered Politicians go to Their Homes.

The "Allied People party" came into life yesterday afternoon on a partly allied and a partly Populist platform. The accoucher at the birth was Mr. Parker. In fact, had it not been for Mr. Parker it is highly probable that the birth would never have taken place. Not only did Mr. Parker make everything easy and smooth as regards the appearance of the new party, but in a great measure he stood godfather for it, and while it was not exactly named "Parker's Populist Party," still he selected the name and saw it duly approved despite the protestations of many delegates.

The platform on which the swaddling infant must toddle and crawl for years to come is composed of all the planks contained in the Kansas City platform, and pieced out by planks of the reform movement of Omaha, Cincinnati and St. Louis conventions.

MORNING SESSION.

The morning session was devoted almost exclusively to wrangling, which began over the adoption of the platform and the name of the party. Col. J. H. Felter, of Illinois, and Dr. Joseph E. Chambers, of St. Louis, engaged in a wordy war about principles and for a while a bolt was anticipated.

"Whereas, This meeting has no authority, right or disposition to change, alter, abrogate or amend the national platform of the People's party; and

"Whereas, No national organization other than the People's party has official representation in this meeting; therefore, be it.

Resolved: That we endorse and affirm the People party national platform adopted at Cincinnati in 1900, and will adhere thereto until the next

resolution.

We declare as a fundamental principle of our party that "wealth belongs to him who creates it, and every dollar taken from industry without an equivalent is robbery."

The issue of direct legislation and pure and honest elections are one and inseparable. The cornerstone of a Republican form of government is a free and untrammeled ballot. With our elections under partisan control and subject to manipulation, popular government is a failure and liberty a misnomer. We denounce the attempts to abridge the right of suffrage and to give the control of elections into the hands of corrupt manipulators who set aside the will of the majority of the people.

Three new members shall be appointed immediately by Chairman Parker from the State of Missouri, making total of six members from Missouri, each member having one-half of a vote."

"Resolutions recognizing unions labor were adopted, as was a resolution denouncing Third Assistant Postmaster Madden. A plan of organization was then read, after which the convention adjourned sine die.

The day was calm, the cool showers of the preceding day had chilled the surface, and the thick and broken clouds remained in peaceful quietude, brightening as the sun now and then peeped from behind some dark cloud with his beaming rays facing the damp surface; but his warmth was soon smothered by the walls of another cloud. At eleven, the usual hour for services, the Baptist church bell tolled with an unusual tone, one that filled many hearts with love and affection; for it spoke in sad and divine tones, the pitiful occasion for which it was ringing. Soon people gathered in the church, and among them was a very generous and christian-hearted man, accompanied by the two orphans, who, through kindness, had learned to love him as a father. They proceeded to the altar and the little orphans seated themselves very closely in a large chair, while their present guardian seated himself nearby. He was of a medium height tho' very stately in carriage and form. His hair and beard bore the appearance of the beginning of a snow fall where a smooth plain is thickly dotted with snow drops leaving the rich soil's natural color still appearing in many places, and he possessed a broad open countenance expressing love for the helpless ones under his charge.

regular national convention of the People's party to be held in 1904 for the nomination of candidates for president and vice president."

NEW PREAMBLE.

After the presentation of the following preamble by the committee on platform the convention adjourned at 12 o'clock until 2 o'clock.

To the people of the United States:

We believe that the first step toward overcoming the deplorable political and economic condition which surrounds us is to change our system of government from a government by corrupt party machines, controlled by bosses and party dictators, who sell absolution from punishing to evildoers and traffic in governmental privilege in exchange for immense campaign funds, to a government in which the people may exercise the final voice power. We believe the control of our government should be taken away from parties, cliques and combinations and given into the keeping of the majority of the people. To this end we reiterate our faith in the initiative and referendum principle and demand such changes in existing laws as may be necessary to enable the people in their sovereign capacity to propose and compel the adoption of such laws as they may desire, and to reject such as they may deem injurious to their interests, and to recall unfaithful public servants. In this connection we invite attention to the fact that we may secure the use of the initiative and referendum principle without delay through the adoption of rules of procedure by legislative bodies, and we pledge this movement to adopt such rules in every legislative body wherein we have the power.

The resolution as offered by the resolutions committee, which, as stated, was adopted, is as follows:

"Be it Resolved, That in future our national organization shall be the Allied People's party.

"The present national committee of the People's party with its present officers shall continue in office, and shall have the sole power to call the national nominating committee in 1904.

"Three new members shall be appointed immediately by Chairman Parker from the State of Missouri, making total of six members from Missouri, each member having one-half of a vote."

"Resolutions recognizing unions labor were adopted, as was a resolution denouncing Third Assistant Postmaster Madden. A plan of organization was then read, after which the convention adjourned sine die.

FRIDAY, APRIL 11.

There has not been a killing in Ohio county for more than a week.

The Silver Jubilee of Pope Leo was celebrated in Baltimore Sunday. Cardinals Gibbons and Martinioli officiated.

The miners and operators of District No. 23 will meet at Central City again the 28th inst. We hope a strike may be averted.

Ohio county roads are very like the Arkansawyer's roof; in the winter time we can't fix them, and in summer they don't need fixing. We should give thanks that summer is approaching.

The will of Cecil Rhodes provides for two scholarships in Orford (England) College from each of the United States; also for a number of scholarships for German and English youths. His object was to more effectually bind together the three great world powers—England, America and Germany.

There were one hundred and twenty-one arrests in New York City last Sunday for violation of the excise laws. A new era seems to have dawned upon the great metropolis since the advent of Seth Low. The administration of the college man contrasts strangely with the corrupt political sway of Croaker and Van Wick.

A Franklin county grand jury has indicted H. C. Robinson, of Breathitt county, for swearing to the whereabouts of Jim Howard at the time Goebel was shot. No witness who did not swear that every Republican in Kentucky was in a conspiracy to assassinate Goebel, is free from danger of indictment for false swearing at the hands of a Franklin county grand jury.

Dr. WILLIAM T. HARRIS, United States Commissioner of Education, has just completed an exhaustive investigation of the practice of corporal punishment in the public schools. His report shows that the brutal practice of corporal punishment in the public schools is well nigh obsolete except in the back woods districts. The cruel practice of lashing the backs of erring pupils is now prohibited by statute in

leaving them in the mire, and the expense of the wreck ruined their plan of economy. The Adelphian debaters, who delivered their subject with reason and good sense, were defeated; but after all the crowd came back to town engaged in the "college yell."

will sell the ticket to a "scalper" and return to the country to while away his spare time in the practice of his favorite pastime.

Seriously the boy is a conscience less thief and should have been sent to the House of Reform.

If you are caught in the rain all you have to do is to step into the nearest umbrella agency and get an umbrella in exchange for your check.

When you are through with it you return it to any agency and get another check in return, which you can exchange for another umbrella the next time you need one; and so on.

It is expected to have the umbrella agencies as common as cigar stores. Similar plans have been tried however and it remains to be seen whether this one will succeed permanently.

First Annual Opening of T. J. TURLEY & CO., HARTFORD, KY KENTUCKY.

As our custom has been in Owensboro, so it will be in Hartford, to meet our friends and patrons once a year. We have a two fold object in this. First, that we may come in closer touch with the trade, and find out their demands, and second, to show them our improved machinery, our plan of taking care of the trade, &c. We will on

APRIL 18 AND 19

Give to each farmer, or member of his family, a nice souvenir who visit us on these two days, and further, we will give to the first correct or nearest correct guess as to how many people will visit us on these two days, a handsome \$75.00 Ideal Buggy. To the second nearest correct a \$50.00 Ideal Deering Mower. On Friday we will give, for the best sample of stemming leaf tobacco a \$15.00 Campbell Corn Drill; for the second a \$10.00 Moline Steel Plow with two points. On Saturday, we will give a \$15.00 Ideal set of harness for the best pair of mules for farming purposes; for the second, heavy double-hip strap Breeching and two Scotch Collars, value \$10.00. For the most popular farmer's daughter in Ohio county, we will give a handsome \$15.00 Side Saddle. For the best farmer in Ohio county, we will give a fine \$15.00 man's Saddle. Every farmer is entitled to a vote, and while we have tried to send every farmer in Ohio county tickets, there may be some who have not received them, and they may be had by calling at our office. Mr. Turley, one of the members of this large concern, and Mr. Jessee, local manager, are very anxious to meet every farmer in Ohio county, and have adopted this plan in order that we may meet and consult with you as to your needs for the coming year, as we believe in working together. Your interest is ours, and we shall try to serve you in the best possible way by giving you the best Implements and Vehicles that are manufactured, and we guarantee to save you anywhere from 10 to 25 per cent. on every purchase. As to how we can do this, will say that we handled last year close to

100 Car Loads of Vehicles and Implements,

This year we expect to handle 150, buying this amount of goods for spot cash enables us to buy them so that we can sell them for what our competitors are buying them at and then make a nice profit. We came to Hartford to save you money, and if you will meet us on these two days, we are satisfied that you will east your lot with us.

Yours for Business,

T. J. TURLEY & CO.,

Hartford, Kentucky.

ARE YOU DEAF? **ANY HEAD NOISES?**

ALL CASES OF **DEAFNESS OR HARD HEARING ARE NOW CURABLE** by our new invention. Only those born deaf are incurable. **HEAD NOISES CEASE IMMEDIATELY.**

F. A. WERMAN, OF BALTIMORE, SAYS:

"BALTIMORE, MD., March 30, 1902.
Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion, and this kept to getting worse, until I lost my hearing in this ear entirely.
I underwent a treatment, a cathart, for three months, without any success, consulted a number of ear specialists, the most eminent ear specialist of this city, who told me that only one operation could help me, and even that only temporarily, that the head noises would only increase.
Then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noise was gone, and the head noise had entirely stopped. I am entirely restored.
Very truly yours,
F. A. WERMAN, 720 S. Broadway, Baltimore, Md."

Our treatment does not interfere with your usual occupation.

IN HIS WOODEN LEG.

Was Found \$15,000 After that

Junk Dealer Died.

For 25 years Gidson Mason, a junk dealer of Trenton, carried his savings around in his wooden leg, and when he died he was worth \$15,000 in cash. Mason lost his leg in a railroad accident years ago. He never would tell where he came. He had known better days, he said and rum had caused his downfall. When he was able to get out on crutches he took the pledge. Friends bought him a wooden leg and a plush cart, gave him a few dollars, and he began buying and selling junk. Mason prospered. When the first wooden leg was worn out, Mason appeared with one of his own manufactured. It was very clumsy, bulging at the top. During the past six years Mason was accompanied on his rounds by a dog that was equipped with a wooden leg made by Mason to take the place of it he had lost. The dog and man were inseparable. Mason was found stretched on his bed, dead, the other day. The county physician found a cavity in Mason's wooden leg in which was concealed a will, \$15,000 in bills, and the pledge he had taken and kept for 25 years.

The will was belligerent; set aside a certain amount to pay the expense of care of the dog as long as he should live, gave \$3,000 to a friend, and the remainder to be spent in buying artificial limbs for worthy cripples in Mercer country. Two days after the death of Mason his dog was found dead on the grave of his master. In accordance with Mason's wish, expressed in his will, the dog was buried at his feet.—Newark N. J.

Old Citizen's Reply.

EDITOR REPUBLICAN.—I notice a communication from Rosine, signed by L. P. Crowder, and I am very surprised.

I, as an old citizen of Rosine, and as Mr. Crowder and I have long been friends, never had a hard word in our lives, and I wanted to say something in his behalf and this is what I did say, and will leave this to you to say whether or not I said anything good or bad. It is my old friend Crowder thinks there is anything to insult him, I here and now ask his pardon and forgiveness, and don't wish, by any means, to enter into a paper confab, and if I said one word about J. Raley in that article, I ask his pardon, but if you will notice the article quoted above you will see that I never mentioned J. Raley's name and am truly glad that Mr. Crowder respects the gray hairs, for I have some myself.

WOMAN A HEROINE.

Woman is a heroine, says the Doctor, and her remarkable endurance and ability without fear of physical punishment is unique.
